

APEC Conference on Implementation of Energy Management Standardization

Hyatt Regency, 5 Embarcadero Center, San Francisco, CA

September 13-14, 2011

With project funding provided by

As hosts of the Asia Pacific Economic Cooperation (APEC) Senior Officials Meetings, the United States invites you to participate in the APEC Conference on Implementation of Energy Management Standardization at the Hyatt Regency on Embarcadero, San Francisco, CA.

Bringing together up to 150 participants from the 21 Asia-Pacific member economies, this conference will bring together policy makers, business, and standards and conformity assessment professionals to discuss ways in which APEC members can cooperate to implement the new international standard for energy management.

Topics covered:

- Content on ISO50001
- Energy Management: Keys to Successful Implementation
- Experience with Energy Management Internationally
- Accreditation, Certification and Regulation

The draft agenda for the conference is attached. Conference participants may register at the following link:

<https://www.surveymonkey.com/s/SCSCSanFrancisco>

The deadline for registration is July 30, 2011

The Asia Pacific Economic Cooperation (APEC) is the premier economic organization in the Asia Pacific region. APEC fosters growth and prosperity by facilitating economic cooperation and expanding trade and investment throughout the region.

APEC's 21 member economies account for 55 percent of the global GDP, and comprise a market of 2.7 billion consumers
