

**Gary J. Schluter**  
*General Manager*  
*RMHTours LLC*

Gary Schluter has been involved in tourism for almost 45 years when a summer job in Yellowstone turned into a full time position working with the group tours/marketing department. This position led to a six+ year position with the Wyoming Office of Tourism where he developed and administered a department working with the travel trade—domestic and international. In 1987, Mr. Schluter started Rocky Mountain Holiday Tours LLC, buying out his partner in 1997 to become the sole owner of what had become the leading “regional inbound tour operator” for the American West. RMHTours is also known as the experts for the western National Park and custom drive programs that involve visits to the parks.

In 2016, Mr. Schluter sold RMHTours to one of the company long time employees but will remain on as the General Manager for (at least) a three year period. Mr. Schluter has served on the Board of Directors for RSAA for four years and is the current Board Chair for the International Inbound Travel Association (IITA—formerly Receptive Service Association of America).
