

**U.S. Department of Commerce  
Civil Nuclear Trade Advisory Committee (CINTAC) Meeting  
Seventh Charter, 2020-2022**

Monday, February 7, 2022, 10:00am - 11:00am EDT  
Virtual Meeting: MS Teams

Minutes

**10:00 – 10:05**

**Welcome and Roll Call**

- Jonathan Chesebro, Designated Federal Officer of the CINTAC, U.S. Department of Commerce (DOC)

**10:05 – 10:10**

**Welcome and Overview of Meeting Agenda**

- Jeff Harper, CINTAC Chair

**10:10 – 10:45**

**Discussion: Proposed CINTAC Letters**

- Purpose: CINTAC members will discuss and vote on two proposed letters, one on the creation of a task force to address developer and equity investment issues and one on the role of nuclear in 24x7 carbon-free electricity generation.
- Members had the opportunity to review and provide comments, the edits were incorporated into each letter.
- Members noted a lack of equity and development make it difficult to deploy reactors. They recommended a USG-U.S. industry task force to address the issue.
- The committee voted and approved the letters.

**10:45 – 10:50**

**Conclusion and Next Steps**

Open Discussion

- A member noted that gas and nuclear are included on a transitional basis in EU taxonomy. The International Green Construction Code (IgCC) represents climate investors with \$50 trillion worth of assets – they released a letter that said it is undecided about how it feels about nuclear and are against natural gas's inclusion in taxonomy.
- The Deployment Subcommittee is considering letter to Secretary regarding ESG investing.

**10:50 – 11:00**

**Public Comment & Adjourn**

- One member of the public (Lauren Hughes, Chief Operating Officer, Washington Policy Analysis) appreciates the efforts of CINTAC and its Subcommittees to bolster U.S. competitiveness and stated that Japan was eager to partner.
