years from the date this Agreement enters into force; and

- (c) advisory and other auxiliary services, excluding intermediation, relating to banking and other financial services as referred to in subparagraph (p) of the definition of financial service in Article 13.20. This commitment applies to the supply of credit rating, credit reference and investigation, general fund administration, indirect investment vehicle appraisal, and bond appraisal with regard to securities issued in Korea¹⁴ only to the extent that Korea allows the supply of these services with respect to such assets. This commitment does not apply to (i) credit rating of enterprises in Korea; or (ii) credit reference and investigation undertaken for purposes of lending and other financial transactions in Korea with respect to individuals or companies in Korea. Once Korea allows the supply of certain of these services, it may not subsequently prohibit or limit the supply of such services.

¹⁴ As of March 2007, securities issued in the territory of Korea are denominated solely in Korean won, except in extraordinary circumstances. Where bonds issued outside the territory of Korea are held by a Korean collective investment scheme registered with the Financial Supervisory Commission, appraisal of the bond must be undertaken by a bond appraisal company in the territory of Korea.

ANNEX 13-B
SPECIFIC COMMITMENTS

SECTION A: PORTFOLIO MANAGEMENT

United States

1. The United States shall allow a financial institution organized outside its territory to provide the following services to a collective investment scheme located in its territory:

- (a) investment advice; and
- (b) portfolio management services, excluding
 - (i) trustee services; and
 - (ii) custodial services¹⁵ and execution services, that are not related to managing a collective investment scheme.

2. For greater certainty, paragraph 1 is subject to Articles 13.1 and 13.5.3.

3. For purposes of paragraph 1, **collective investment scheme** means an investment company registered with the Securities and Exchange Commission under the *Investment Company Act of 1940*.

Korea

4. Korea shall allow a financial institution organized outside its territory to provide investment advice and portfolio management services to the manager of a collective investment scheme located in its territory, provided that the scope of the services does not include:

- (a) trustee services;
- (b) custodial services; and
- (c) execution services that are not related to managing a collective investment scheme.

This paragraph applies to the supply of investment advice or portfolio management services with regard to won-denominated assets only to the extent that Korea allows the supply of these services with respect to such assets. Once Korea allows the supply of certain of these

¹⁵ Custodial services are included in paragraph 1 only with respect to investments for which the primary market is outside the territory of the United States.

services with regard to Korean won-denominated assets, it may not subsequently prohibit or limit the supply of such services. Korea will consult with the United States with respect to the liberalization of these services no later than two years after the date this Agreement enters into force.

5. For greater certainty, paragraph 4 is subject to Articles 13.1 and 13.5.3.
6. For purposes of paragraph 4, **collective investment scheme** means:
 - (a) an investment trust reported to the Financial Supervisory Commission (FSC) pursuant to the *Indirect Investment Asset Management Business Act* (IIAMB Act); and
 - (b) an investment company registered with the FSC pursuant to the IIAMB Act.

SECTION B: TRANSFER OF INFORMATION

Each Party shall allow a financial institution of the other Party to transfer information in electronic or other form, into and out of its territory, for data processing where such processing is required in the institution's ordinary course of business. Korea shall give effect to this commitment no later than two years after the date this Agreement enters into force.

SECTION C: PERFORMANCE OF FUNCTIONS

1. The Parties recognize the benefits of allowing a financial institution in a Party's territory to perform certain functions at its head office or affiliates located inside or outside the Party's territory. To the extent practicable, each Party should allow such an office or affiliate to perform these functions.

These functions generally include, but are not limited to:

- (a) trade and transaction processing functions, including confirmation and statement production;
- (b) technology-related functions, such as data processing,¹⁶ programming, and system development;
- (c) administrative services, including procurement, travel arrangements, mailing services, physical security, office space management, and secretarial services;
- (d) human resource activities, including training and education;

¹⁶ To the extent that a Party is obligated under Section B of Annex 13-B to allow the transfer of information outside its territory, that Party shall also allow data processing of that information after the transfer.

- (e) accounting functions, including bank reconciliation, budgeting, payroll, tax, account reconciliation, and customer and proprietary accounting; and
 - (f) legal functions, including the provision of advice and litigation strategy.
2. Nothing in paragraph 1 prevents a Party from requiring a financial institution located in its territory to retain certain functions.
 3. For greater certainty, a financial institution located in the territory of a Party retains ultimate responsibility for compliance with requirements applicable to those functions performed by its head office or affiliate.

SECTION D: TRANSPARENCY

The United States welcomes Korea's ongoing initiative to expand and enhance transparency, noting in particular the adoption by the FSS of the *Operational Rule on Administrative Guidance* and the introduction of the no-action letter mechanism. Korea shall, to the extent practicable, continue its existing practice of issuing in writing any administrative guidance to a financial institution or cross-border financial services supplier. At the request of an affected party, Korea shall put any oral administrative guidance provided into writing and post it on a public Internet site. During any review of previously issued administrative guidance, Korea shall provide interested parties an opportunity to comment on that guidance.

SECTION E: INSURANCE COMPLAINT METHODS AND PROCEDURES

Each Party should ensure that its system for public disclosure of data on complaints filed with regard to insurance suppliers fairly takes into account the relative size of such suppliers. Each Party shall ensure that aggregate complaint information is provided in a transparent manner, such as in a complaint index ratio format, grade format, or other reasonable format and include well documented definitions and explanations of calculation methodology. Any public disclosure of the number of complaints filed with respect to an insurance supplier should also disclose the number of such complaints that the authorities found to be valid.

SECTION F: SECTORAL COOPERATIVES SELLING INSURANCE

1. The regulation of insurance services supplied by a sectoral cooperative should not provide the cooperative a competitive advantage over private suppliers of like insurance services. To the extent practicable, a Party should apply the same rules to services supplied by such cooperatives that it applies to like services supplied by private insurers.
2. To this end, the FSC should exercise regulatory oversight over services supplied by sectoral cooperatives. At a minimum, Korea shall provide that no later than three years after the date this Agreement enters into force, solvency matters related to the sale of insurance

by the National Agricultural Cooperative Federation, the National Federation of Fisheries Cooperatives, the Korea Federation of Community Credit Cooperatives, and the National Credit Union Federation of Korea shall be subject to regulation by the FSC.

3. The Insurance Working Group established in Annex 13-C shall address the need for additional steps to achieve the objectives set out in paragraphs 1 and 2.

SECTION G: SUPERVISORY COOPERATION

The Parties support the efforts of their respective financial regulators to provide assistance to the regulators of the other Party to enhance consumer protection and those regulators' ability to prevent, detect, and prosecute unfair and deceptive practices. Each Party confirms that its financial regulators have the legal authority to exchange information in support of those efforts. The Parties encourage financial regulators to continue their ongoing efforts to strengthen this cooperation through bilateral consultations or bilateral or multilateral international cooperative mechanisms, such as memoranda of understanding or ad hoc undertakings.

SECTION H: GOVERNMENT PROCUREMENT

1. Notwithstanding Article 13.1.4, each Party shall apply Articles 13.2. and 13.3 with respect to the acquisition or procurement of the following services to the extent this Chapter applies to measures adopted or maintained by the Party relating to activities or services set out in subparagraphs (a) and (b) of Article 13.1.3:

- (a) services relating to the sale, redemption, and distribution of central government debt;
- (b) services relating to the holding of central government fiscal and depository accounts; and
- (c) services relating to the management of the following assets:
 - (i) in the case of the United States, assets of federal government employees held by the Federal Retirement Thrift Investment Board as a fiduciary; and
 - (ii) in the case of Korea, assets of the Korea Investment Corporation.

2. Korea shall apply Article 13.5.1 with respect to the services described in subparagraph 1(c) (ii) to the extent that the Korea Investment Corporation chooses to acquire or procure those services on a cross-border basis.

SECTION I: EXPEDITED AVAILABILITY OF INSURANCE

The Parties recognize the importance of maintaining and developing regulatory procedures

to expedite the offering of insurance services by licensed suppliers.

Korea

1. The United States welcomes Korea's plan to adopt policies and procedures based on a negative list approach¹⁷ to the product filing process no later than one year after the date this Agreement enters into force. Korea requires prior product filing before the introduction of a new insurance product except in cases where the product satisfies criteria¹⁸ set forth by the FSC in the *Regulation on Supervision of Insurance Business*. Section 8 of this regulation establishes the review period for products filed with the FSS. Korea requires product filing for all Bancassurance products.

United States

2. Recognizing the principles of federalism under the U.S. Constitution, the history of state regulation of insurance in the United States, and the *McCarran-Ferguson Act*, the United States welcomes the efforts of the National Association of Insurance Commissioners (NAIC) relating to the availability of insurance services as expressed in the NAIC's "Statement of Intent: The Future of Insurance Regulation," including the initiatives on speed-to-market intentions and regulatory re-engineering provided under Part II of the Statement of Intent.

¹⁷ For purposes of paragraph 1, adoption of a negative list approach in this context means developing a list of specific procedures or products that are subject to product filing. For greater certainty, procedures or products not on the list would not require prior product filing.

¹⁸ The criteria referred to in paragraph 1 include, among others: whether risk rates already reported are used or only minimal adjustments are made from assumed interest rate or cost; whether the premium rate has changed; whether reinsurers' premium rates are used due to a shortage in domestic statistics; whether insurance employs assumed interest rates and its reported risk rates are used without change or with only minimal change; and whether policy certificates or the policy application form is being amended with minimal change.

ANNEX 13-C
FINANCIAL SERVICES COMMITTEE

Authorities Responsible for Financial Services

1. The authorities responsible for financial services are:
 - (a) for Korea, the Ministry of Finance and Economy; and
 - (b) for the United States, the Department of the Treasury for banking and other financial services and the Office of the United States Trade Representative, in coordination with the Department of Commerce and other agencies, for insurance.

Elaboration of the Agenda of the Financial Services Committee

2. The Parties anticipate discussing a range of issues in the Financial Services Committee, including measures adopted or maintained by central and regional levels of government that affect the supply of financial services by financial institutions or financial service suppliers of either Party. Before any meeting of the Committee, the authorities specified in paragraph 1 will provide their counterparts with a list of financial services issues for the Committee's consideration, including any concerns of financial institutions or financial service suppliers that a Party chooses to raise.

Insurance Working Group

3. The Parties recognize the importance of discussions between their respective insurance regulatory authorities to further cooperation, coordination, and mutual understanding of issues relating to the supply of insurance in their territories. To this end, the Parties hereby establish an Insurance Working Group comprising relevant officials of each Party's financial services regulatory structure. The Working Group shall address transparency; actions necessary to ensure competitive equality between Korea Post, sectoral cooperatives selling insurance, and private insurers; financial supervision, including regulations at the central and regional levels of government, the development, adoption, and review of changes in policy; the different regulatory structures of the Parties; and other issues of mutual interest. Unless the Parties otherwise agree, the Working Group shall meet once each year after the date this Agreement enters into force, and each Party shall select, the meeting location every other year. The Working Group shall inform the Joint Committee of the results of each meeting in accordance with Article 13.16, unless the Parties otherwise agree.

ANNEX 13-D
SUPPLY OF INSURANCE BY THE POSTAL SERVICES TO THE PUBLIC

1. The regulation of insurance services supplied by Korea Post to the public should not accord Korea Post a competitive advantage over private service suppliers of like insurance services in the territory of Korea.
2. To this end, Korea should, to the extent practicable, provide that the FSC exercise regulatory oversight over the insurance services supplied by Korea Post to the public and that those services be subject to the same rules applicable to private suppliers supplying like insurance services in its territory.
3. The letter exchange regarding these services sets out commitments with regard to insurance services supplied by Korea Post to the public.
