**Subject:** Request to modify the rules of origin for certain apparel articles under the United States-Morocco Free Trade Agreement.

Dear Ms. LABAT,

On behalf of SALSABILE Company, located in Morocco, I hereby submit this request regarding the amendment of rules of origin applicable for certain apparel articles, to allow the use of certain third country fabrics not commercially available in the countries of Morocco and the United States, in accordance with the provisions of Article 4.3 of our Free Trade Agreement.

SALSABILE is a garment manufacturer specialized in casual and sportswear products for women and children made from knit fabrics of chapter 60. Its product categories include sweaters, pullovers, sweatshirts, waistcoats, vests, shirts, blouses, singlets, tank tops, tops, dresses, skirts, divided skirts, upper body garments, similar articles and garments and accessories classified under chapter 61.

For the past years, SALSABILE has exported its products to the United States under the TPL flexibility and is intending to develop its exports to the US market in 2016 and beyond. The expiry of the TPL provision has negatively affected its business and has caused loss of orders from US buyers.

SALSABILE fabrics concerned by the rule of origin change under the US-Morocco FTA are the 19 fabrics below, classified under chapter 60. No fabrics are available in Morocco or the United States.
